3 ДНЯ В ЛЕСУ

1. На отдыхе

Ну где отдыхать министру? В ресторане? Нет, слишком неинтересно. Министр обычно каждый день обедает или ужинает в ресторане. Это не отдых. Может быть на море? Идея отличная, однако если до моря больше двух с половиной тысяч километров, поехать на море достаточно трудно и, конечно, **занимает много времени**. Поэтому остаётся только отдыхать в лесу. А если речь идёт о **пригороде Омска**, то в лесу и на **болотах**.

Министр здравоохранения Омской области России Александр Мураховский решил провести выходные и праздничные дни в мае этого года именно так. Вместе с друзьями они решили организовать путешествие по сибирским болотам на **квадроциклах**. Отлично занятие, **между прочим!** Охоту Александр Григорьевич не очень

любит, а вот покататься на квадроциклах по весенним непроходимым болотам – отличная идея!

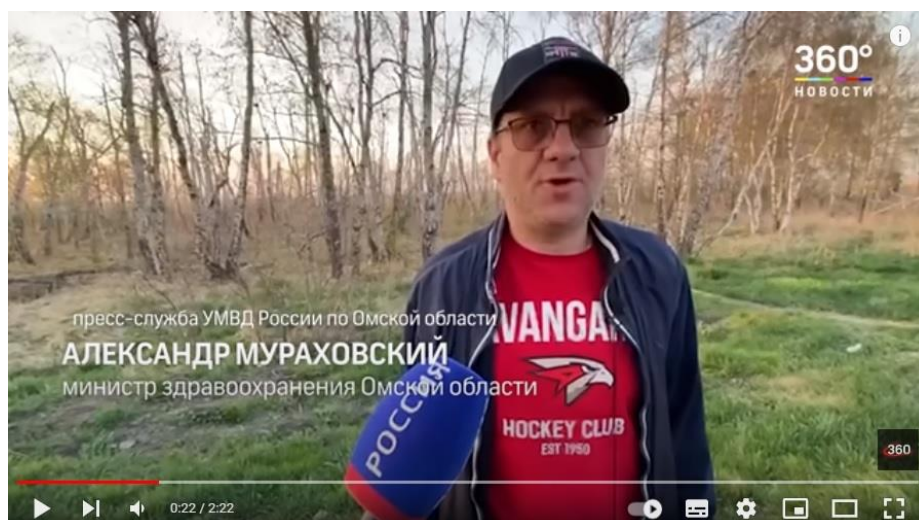

Vocabulary

- 1) **занимает много времени** – takes a lot of time,
- 2) **пригород** – suburb,
- 3) **болото** – swamp,
- 4) **квадроцикл** – 4-wheeler,
- 5) **между прочим** – by the way,
- 6) **непроходимый** – impassable,
- 7) **охотничья база** – hunting seat,
- 8) **охотиться / поохотиться** – to hunt,
- 9) **покатался (от кататься)** – to ride, travel,
- 10) **вручил (от вручать)** – to hand something over,
- 11) **пользоваться** – to use,
- 12) **включать** – to turn on,
- 13) **выключать** – to turn off,
- 14) **заряжен(ный)** – charged,
- 15) **договорились** – (phrase) deal.

Рассказ основан на реальных событиях.

Based on true events.

This story is based on true events that happened in Russian Siberia in May 2021. Minister of Health of Omsk Region Alexander Murakhovskiy disappeared in taiga and wandered for 3 days. Survivor groups were checking the woods and thought he had died already when he showed up in the Basliy village alive and in a good health. He said he was lost and could not find the way back. He did not say everything that has happened to him. Only informed about 2 nights, one night in an old abandoned wagon and the 2nd night under the tree when he was scared of the bear. I have carefully put all events together from different resources like the one below (you can watch a piece of news from YouTube Channel 360 degrees) and added some details that have been missed in his interview but that should have been as he wandered in the wild for 3 days.

Russia: Doctor who treated Alexei Navalny reappears after going missing

Alexander Murakhovsky, the first doctor to treat Alexei Navalny after he was poisoned with a nerve agent last year, reappeared after going missing Friday.

In this photo from August 2020, Murakhovsky speaks with the press after treating opposition leader Alexei Navalny

PRACTICE

The following are the recommendations how to work with the book to achieve better results.

1. Read the whole book one chapter after another. Use markers to highlight the words you do not know.
2. Now carefully study the vocabulary of each chapter before reading it. Rewrite the words you don't know if needed.
3. After working with vocabulary read each chapter again. See how different it is for you now.
4. Read again the book as you follow the audio book. This way you can better learn to speak, pronounce the words and phrases from the book.
5. Listen to the audio book without reading. Do not listen if you are busy doing something else. You should be concentrated on listening and understanding what you hear.
6. Retell the story to your teacher or Russian speaking friend using the most of the new vocabulary you learned from the story. Make sure you use all of them during the speaking.

level
B

Easy Readers Russian Series

This book is about ...
how Russian Minister went missing for three days in Siberian forests

level
A0

(Absolute beginner's). You know just a few words. For example, the words like «привет, как дела, дом» etc.

level
A1

(Elementary level). Minimum level of knowledge of the Russian language, enough for a limited number of situations.

level
A2

(Basic level). Able to communicate in everyday situations. Knowledge of basics of Russian grammar (cases, conjugations, etc)

level
B

(1st and 2nd certification level). Rather high level of the Russian language, which allows you to communicate at working, educational and professional fields. Very good grammar.

level
C

(3rd and 4th certification level). This level is comparable with the native speaker's level.
